## Lauryn Graves, Community and Government Relations Specialist

Lauryn Graves is part of the Corporate Relations team at Air Products where she works with employees and community partners in the Lehigh Valley and around the country. She manages the company's United Way campaign, Liquid Nitrogen Outreach Program, and works with various agencies to engage employees through volunteerism and service projects. She works with plant management and business managers in various communities executing, leveraging and measuring government relations, community relations and philanthropic opportunities and works closely with the company's Political Action Committee. Prior to her work in Corporate Relations, Lauryn was part of the Human Resources team at Air Products where she held various roles in Recruiting and Staffing.

Lauryn is involved with many charities in the region like The Hamilton District Main Street Program, The Volunteer Center of the Lehigh Valley and The American Cancer Society to name a few. She grew up studying dance at Contempo Dance Center and Steps In Time Academy for Dance Studies, right here in the Valley. She has continued to teach children ages 2-8 an introduction to ballet through Stretch-N-Grow Lehigh Valley. Lauryn is a very active volunteer and loves any opportunity to be outdoors enjoying time with her family.
